## **A Potted History**

The Inter Club Road Grand Prix Series, from what I can determine, came about in 1985 when 3 Clubs held a Triangular Series of races. The background to the series must have come from the “Continental ”5” which was held every two weeks during the summer months from the Continental Pub on the corner of South Meadow Lane and Riverside adjacent to Avenham Park in Preston and possibly commenced in 1979. There were 10 races in all with a Handicap to end with and it seems that up to 36 runners took part.

In 1985 Chorley AC, Preston Harries and Springfields AC (based at BNFL Salwick) each hosted a race. The first leg was at Chorley on 30<sup>th</sup> May with 56 runners and the winner was Ken Moss (Chorley AC) with Chorley AC 1st Team.

The second leg was on 31<sup>st</sup> July on the Continental Course at Preston and again Ken Moss finished 1st but with Preston H taking the Team based on 10 to count (as it still is today).

The third and final leg of the Triangular Series was the Continental Course in Reverse on 3<sup>rd</sup> September which was won by John Nuttall (Preston H) with 55 finishing and Preston taking the team on the night. The Overall Series winners were Preston H with Springfield Second 3rd Chorley Third.

It was from these small beginnings that the Inter Club grew and grew to what it has become today and has attracted some of the finest runners from the competing clubs. In 1985 John Nuttall won the 3000m at the English Schools’ Athletic Championships in a championship record and placed third that same year at the European Athletics Junior Championships so future runners had a lot to live up to!

Over time there have been changes to some of the Clubs taking part in the Series due to Clubs folding (Springfield), Clubs merging (NF AC & B&F AC to form BWF AC) and new Clubs being formed (Thornton Cleveleys RC). In the 1990s when there were 7 Clubs for a few years one club stood down from hosting on a rota basis but when TCRC joined it was agreed to have 7 races in the Series.

The number of runners participating has increased over the years and it is interesting looking back and read that in 2003 (163 finished the NF AC Race) there were concerns expressed that the number of runners was approaching the Police limits. By 2014 228 runners finished the first IC at Blackpool, in 2016 it was up to 304, whereas in 2019 455 runners completed the Blackpool IC. It is this increase in competitors that is now causing the Race Organisers some concern, as it has a knock-on impact to the Health & Safety of the athletes and the public, car parking, toilet facilities and catering.

The buffet after the race has become a very welcome tradition but for a couple of years it was agreed to stop it due to pressure on the smaller clubs to cater for growing numbers. However, it was reinstated and now all clubs rely on their members efforts rather than asking a Pub to provide.

Throughout the years the number of Team Award Categories has increased to take into account the growing number of Masters’ Athletes and the welcome increase in Women’s running. In the first year it was 10 to count for the Overall team Award, in 1986 a Masters Category with 4 to count was introduced, which became 5 in 1993 when the Ladies Award was introduced with 4 to count. The Masters 50 Award was introduced in 2005 with the Masters 60 Award the following year recognising the longevity of athletes. Finally, in 2017 a Ladies Masters Category was introduced as the numbers were again increasing. The Men’s Individual Shield was presented by the family of Glyn Carradice (NF AC) following his early death in 2003. The Ladies Individual Cup, was originally for the main Team

Award but after languishing in a Trophy Shop for over a year, and a new shield purchased, was re-found and designated to the Ladies! Individual Awards are now in 5-year categories.

In 2020 after the untimely death of David Wood the Series was renamed in his memory.
